June, 2010

Dear Property Owner or Manager:

Tobacco Free Sarpy is proud to offer you free assistance with implementing a smoke-free policy for your property. Our coalition is dedicated to minimizing exposure to secondhand smoke and reducing health disparities related to tobacco in Sarpy County.

Implementing a smoke-free policy is legal, and adding a policy for your properties can help you:

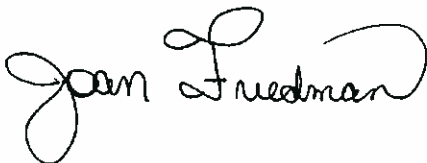

- ✓ Reduce your cleaning and rehabilitation costs
- ✓ Attract more tenants who desire smoke-free housing options
- ✓ Possibly lower insurance premiums
- ✓ Protect your tenants' and employees' health
- ✓ Protect your properties from fire damage

Call **402.593.3022** for a FREE tool kit and for assistance with making your property smoke-free. To learn more, go online to **SmokeFreeSarpyProperty.org**.

**If your property is already smoke-free, we can add it to our online database to help you attract tenants who are looking for smoke-free housing.**

Thank you for your time and consideration.

Sincerely,

Joan Friedman  
Tobacco Prevention Coordinator
